Following the recent passage of the Hillsborough County transportation referendum, an independent oversight committee is being formed to ensure funds are being spent properly, fairly and transparently for the improvement of county roads and mass transit.

As stated in the referendum's charter amendment, one member of the oversight committee shall be appointed by Hillsborough County Property Appraiser Bob Henriquez. The charter requires the appointment to be an individual who is a "land use or real estate expert."

In the interest of transparency and finding the most qualified person for this appointment, Mr. Henriquez is now accepting applications for this oversight committee position.
