

Dear Customers,

As part of our commitment to remain on the cutting edge of customer service technology, we are pleased to announce that we will be upgrading our telephone system on Monday, Feb. 12. During the transition period to this new system, we are doing everything in our power to minimize any impact on our customers, but please bear with us over the coming days in case of any unforeseen issues. If you do experience a problem contacting us by phone, you can always send us a message my email by visiting our website at <https://www.hcpafl.org/Contact-Us/Email-Us-Feedback> and fill in the requested information.

Thank you for your patience,

The Hillsborough County Property Appraiser Staff
